ABOUT US

We are Swaraj Narrow Fabrics, a Nashik-based manufacturer of high-quality elastic and webbing tapes, supplying businesses across PAN India.

ON-ORDER MOQ OF 5000 METERS

We are an ISO-9001 Certified Company committed to upholding the highest standards in Quality Management Systems, ensuring our customers receive the finest quality products.

We are also an IATF 16949 Certified Company, committed to meeting automotive supplier standards.

CUSTOMIZATION IS OUR STRENGTH

WHAT MAKES US SPECIAL

100% Customizable designs.

tailored to end user requirements.

We also customize small quantities.

starting from just 800 meters.

Made using the finest quality yarns.

Produced sustainably

with our solar powered factory.

Available in a wide range of colors and patterns.

ELASTIC TAPES

They are made out of rubber and polyester yarn.

PLAIN ELASTIC

Any color is customizable

WIDTH: 5 mm - 50 mm

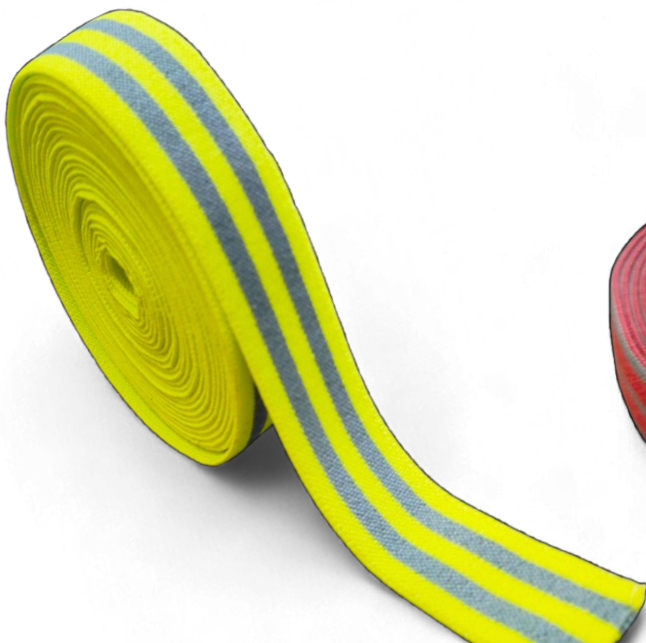

PATTERNED ELASTIC

Any color and pattern is customizable

WIDTH: 5 mm - 50 mm

PIPING

Our piping is made of durable polyester yarn, providing strength and a polished finish. It's commonly used in bags, backpacks, luggage, and apparel, adding both structural support and aesthetic appeal to edges, seams, and zippers.

Any color is customizable

WIDTH: 5 mm - 50 mm

The image features a close-up of several rolls of polyester webbing. The webbing is a light beige or off-white color with a distinct woven texture. It is shown in various configurations: some rolls are partially unspooled, showing the length of the material, while others are tightly wound. The lighting is bright and even, highlighting the texture and the way the material folds and curves. The background is a plain, light color, making the webbing the central focus.

POLYESTER WEBBING

Our polyester webbing is strong, versatile, and resistant to wear, making it ideal for a variety of applications. It's commonly used in bags, harnesses, outdoor gear, and furniture, providing durability and versatility.

Any color and pattern is customizable

WIDTH: 5 mm - 50 mm

PLAIN WEBBING

Any color is customizable

WIDTH: 5 mm - 50 mm

POLYPROPYLENE WEBBING

PATTERNED WEBBING

Any color and pattern is customizable

WIDTH: 5 mm - 50 mm

CUSTOM PRODUCTS

TIE-DOWN STRAP

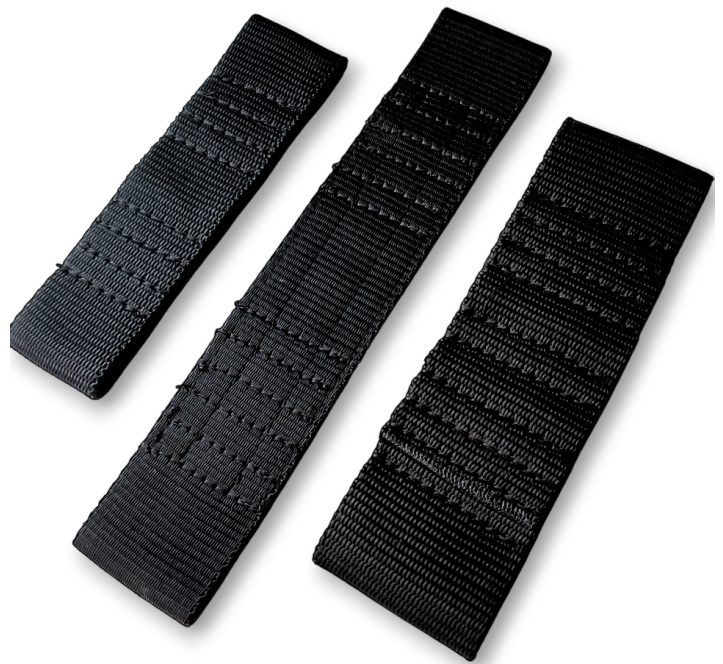

Tie-down straps are used to secure and stabilize cargo during transportation or storage. They prevent shifting of heavy loads on pallets, trucks, or trailers.

LUGGAGE STRAPS

Luggage straps are made using PP webbing as per customer's requirement. They are used to secure and tighten baggage during travel, ensuring it stays intact.

DOOR STRAPS

Door straps are used to control the opening range of doors, preventing overextension or damage. They ensure smooth and safe door movement, commonly used in automotive applications.
